MAHIM AL MUNTASHIR BILLAH
SOFTWARE ENGINEER

🎯 Research Interest

I am an enthusiastic computer science student with expertise in front-end development and programming. I am particularly interested in research areas such as **human-computer interaction (HCI), educational technology**, and **cross-cultural digital learning tools**. Inspired by my experience developing educational platforms, I aim to explore how web technologies can enhance user engagement, accessibility, and effective language learning in digital environments.

📈 Projects

- **MANDARIN JOURNEY**
  Chinese Language Learning Website
  - Developed a **responsive** website to learn Chinese effectively for the absolute beginners.
  - Emphasized simplicity and **user-friendliness** in design utilizing **HTML**, **CSS** and **JavaScript**.
  - Continuously **expanding** learning materials to enrich user experience.

- **KATHY FOUNDATION**
  Charity Organization Website
  - Created a comprehensive website for the **Kathy Justice Girls Educational Foundation** using **WordPress**.
  - Integrated information about the organization's activities, goals, causes, as well as leader and volunteer details.
  - Ensured the site is easily **navigable** and accessible to a **wide audience**.

- **CST21-NTU**
  Computer Science Department Website
  - Constructed a comprehensive website using **HTML**, **CSS**, and **JavaScript**.
  - Curated essential **resources** for **current batch** students and prospective **freshmen**.

- **SURVIVAL RUN**
  A Running Adventure 2D Game
  - Designed and implemented a **C/C++** based 2D adventure game.
  - Utilized **custom Header files** to promote modular code organization.
  - Leveraged **SDL2 library** functions to enhance problem-solving and game development proficiency.

🎓 Education

- **Bachelor - Computer Science and Technology** (Final Year) — **Sep 2021 - Present**
  Nantong University — Nantong, Jiangsu, China
  Average Marks: **87.5%**, GPA: **3.65/5.00** (Semester 1-6)

- **HSC - Higher Secondary Certificate** (Science) — **Jul 2018 - Jan 2021**
  R.C.C.I. Public School and College — Rangpur, Bangladesh
  GPA: **5.00** (Out of 5.00)

- **SSC - Secondary School Certificate** (Science) — **Jan 2016 - May 2018**
  R.C.C.I. Public School and College — Rangpur, Bangladesh
  GPA: **5.00** (Out of 5.00)

- **CS50's Introduction to Programming with Python** — **Sep 2023 - Nov 2023**
  Harvard University — Online Course
  Successfully completed the comprehensive **10-week** course, showcasing adeptness in **Python programming** and **problem-solving** via practical **assignments** and a final **project**. This achievement led to the acquisition of a **prestigious Certificate**.

💼 Experience

- **SALES REPRESENTATIVE** (Part-Time) — **Nov 2019 - Jun 2021**
  Advanced Shopping LTD. — Rangpur, Bangladesh
  - Experienced **Marketing** System and Developed strong **Leadership** Quality.

🔧 Skills

Web Development	HTML, CSS, JavaScript, WordPress	**Programming** — Python, Java, C/C++
Frameworks	React, Bootstrap, Tailwind	**Databases** — MySQL, SQLite
Creativity	Graphics Designing, Video Editing, Photoshop, Word, Excel, PowerPoint	**Others** — Unity 3D Game Development, Data Structures & Algorithms
